The actual quantity of materials necessary may be more or less than the estimates listed in the specification document, but the County shall be neither obligated nor limited to any specified amount. The County will, if possible, restrict increases/decreases to 20% of the estimated quantities listed in the specification document.

- 2.3 By mutual consent of both parties it is understood and agreed that the contract may be renewed only at the same prices and/or under the same conditions governing the original contract; and any request for an increase in price or a change in the contract conditions shall be interpreted as a request not to renew the contract at the end of the current contract term.

 2. Such notice must be accompanied by a certified copy of the supplier's advisory or notification to the contractor of price changes.
 3. No price escalation will be authorized in excess of the amount of the increase referred to on the supplier's notice.
 4. The approved price change shall be honored for all orders received by the contractor after the effective date of such price change.
 5. Approved price changes are not applicable to orders already issued and in process at time of price change.

6. The Purchasing Agent retains the right to determine whether or not such proposed price changes are in the best interests of the County.
7. If in the opinion of the Purchasing Agent any proposed increase is found unacceptable, the Purchasing Agent reserves the right to cancel the contract upon thirty (30) calendar days written notice.
8. Contractors must tie any price change clause to an industry-wide or otherwise nationally recognized index, or some other form of verifiable document.
